Nonbinding Opinion Question #1

Potential Gas Tax Increase for Public Education and Local Roads

To provide additional funding for public education and local roads, should the state increase the state motor and special fuel tax rates by an equivalent of 10 cents per gallon?

- AGAINST

Proposition Number 2

Shall a law be enacted to:

- establish a state-controlled process that allows persons with certain illnesses to acquire and use medical cannabis and, in certain limited circumstances, to grow up to six cannabis plants for personal medical use;
- authorize the establishment of facilities that grow, process, test, or sell medical cannabis and require those facilities to be licensed by the state; and
- establish state controls on those licensed facilities, including:
 - electronic systems that track cannabis inventory and purchases; and
 - requirements and limitations on the packaging and advertising of cannabis and on the types of products allowed?

The Governor's Office of Management and Budget estimates the law proposed by this initiative would result in total fiscal expenses of \$2,900,000 (\$1,800,000 ongoing and \$1,100,000 one-time).

Fee collections would cover about \$1,400,000 of ongoing costs. General state revenues would be required for remaining ongoing costs (\$400,000) and all onetime costs (\$1,100,000).

Under the proposed sales tax exemption, the state and local governments may initially forego \$1,600,000 in sales tax revenue. Foregone revenue could increase over time if consumption and taxable sales increase in the later years following implementation.

Consumer and firm behavior different than assumed would alter these estimates.

In addition, the cost of posting information regarding the initiative in Utah's statewide newspapers and for printing the additional pages in the voter information packet is estimated at \$30,000 in one-time funds.

Proposition Number 3

Shall a law be enacted to:

- expand the state Medicaid health coverage program to include coverage, based on income, for previously ineligible low-income adults;
- maintain the following as they existed on January 1, 2017:
 - eligibility standards, benefits, and patient costs for Medicaid and the Children's Health Insurance Program (CHIP); and
 - the payment rate for healthcare providers under Medicaid and CHIP; and
- use the tax increase described below to pay for Medicaid and CHIP?

This initiative seeks to increase the current state sales tax rate by 0.15%, resulting in a 3.191% increase in the current tax rate.

The Governor's Office of Management and Budget estimates that this proposed initiative would, in fiscal year 2021 (upon full phase-in of the federal Affordable Care Act):

- Result in new state fiscal expenses of about \$77,000,000 for Medicaid services
- Increase state sales taxes by about \$90,000,000 by increasing the state sales tax rate by 0.15%, from 4.70% to 4.85% (a 3.2% increase from the current tax rate).

Beyond FY 2021, costs could outpace new revenue depending on actual cost and revenue trajectories. Estimates could vary with changes in federal law, federal funding, taxpayer behavior and Medicaid recipient behavior, among other factors.

In addition, the cost of posting information regarding the proposed initiative in Utah's statewide newspapers and for printing additional pages in the voter information pamphlet is estimated at \$30,000 in one-time funds.

Proposition Number 4

Shall a law be enacted to:

- create a seven-member commission to recommend redistricting plans to the Legislature that divide the state into Congressional, legislative, and state school board districts;
- provide for appointments to that commission: one by the Governor, three by legislative majority party leaders, and three by legislative minority party leaders;
- provide qualifications for commission members, including limitations on their political activity;
- require the Legislature to enact or reject a commission-recommended plan; and
- establish requirements for redistricting plans and authorize lawsuits to block implementation of a redistricting plan enacted by the Legislature that fails to conform to those requirements?

The Governor's Office of Management and Budget estimates that the law proposed by this initiative would result in a total fiscal expense of approximately \$1 million.

In addition, the cost of posting information regarding the initiative in Utah's statewide newspapers and for printing the additional pages in the voter information packet is estimated at \$30,000 in one-time funds.
